INTRODUCTORY

80940

00000

The 1913 edition of the Fort Wayne City Directory, the fortieth volume compiled by R. L. Polk & Co., is hereby presented to the public. The City Directory is more than a list of residents with their occupations and addresses; it is a complete and accurate guide to the city, its people, their government, institutions, organizations, and its societies.

It is a complete record of all persons and places of the day, and becomes a permanent history of the city and the people.

The Directory, which contains an answer to almost every question that may be asked about the city, is placed by the publishers in the directory libraries in all the important cities in the United States and Canada, where it stands as an indisputable testimonial of the progressiveness of the city and its people.

It has been truly said that the directory represents the city and its business interests, and live, up-to-date business men, appreciating this fact, are glad to avail themselves of the opportunity of taking space in the directory, not only for the benefits which they personally derive, but in a spirit of patriotism and a view of boosting their city.

The General Index to information contained in the directory will be found on page 4. Listed in this directory are the names of 39,760 people. Based upon this figure, the population of Fort Wayne at the present time is 79,520. This estimate of the total population is reached by accepting the fact that there are two inhabitants to every name listed in the directory. This proposition, it has been demonstrated through experience, is both fair and conservative. The population of Fort Wayne, as estimated in the directory of 1912 was 76,320. Thus in one year Fort Wayne has gained 3,200 in population and is proceeding steadily toward the temporary goal of 100,000.

New business enterprises have come into existence dur-

MAY 20 1942

ing the preceding twelve months. Old and established houses have expanded.

New business buildings, new factory buildings, new homes, new churches and new schools have risen. New people have come, work has awaited them and they are busy.

Commercially the city has prospered. In all of its other phases of life it has kept pace.

Nothing can prove the spirit of the people of Fort Wayne more than the fact that, undaunted by the calamity of the flood which has recently visited us and inflicted much damage and loss to many, especially the suburbs, it is already almost forgotten and the localities which suffered most are to-day a monument of the progressiveness of the inhabitants. Lakeside is more beautiful than ever and building and improvements are rapidly progressing in every direction.

In acknowledgment of the liberal patronage bestowed upon the work and the many courtesies extended us, we desire to express our sincere thanks.

R. L. POLK & CO.

SOME SUBSTANTIAL STATEMENTS

"Fort Wayne," from which the name of the city is derived, was erected in 1731 by General Anthony Wayne at that point, where the St. Mary's and the St. Joseph's unite to form the Maumee river, which flows into Lake Erie at Toledo.

It had been an Indian trading post for a hundred years previous, its Indian name being "Kekionga."

It had been held in early times by the French, who built a fort for its protection a short distance west, on the St. Mary's river and later by the English, who constructed a fort on the St. Joseph's, a short distance north of the site chosen for "Fort Wayne."

Within its corporate limits it has nine miles of rivers—five of the St. Mary's, two of the St. Joseph's and two of the Maumee. All of these river banks within the city, are to be acquired by the city, and are to be parked and boulevarded.

Fort Wayne has never had "a boom," and it has never stopped growing. Its population in 1840 was 2,050; in 1850, 4,282; in 1860, 10,388; in 1870, 17,718; in 1880, 26,880; in 1890, 35,393; in 1900, 52,057; in 1910, 71,500; in 1911, 75,448; in 1912, 76,320; in 1913, 79,520.

It has four east and west trunk line railways—the Pittsburg, Fort Wayne and Chicago; (Pennsylvania lines) the Wabash; the New York, Chicago and St. Louis; (Nickel Plate) and the Lake Shore and Michigan Southern. It has two north and south trunk lines—the Grand Rapids and Indiana, and the Lake Erie and Western. It is the western terminus of the Cincinnati, Hamilton and Dayton.

It has six lines of interurban railways, with others building and in contemplation. These railways have a direct connection with the great interurban systems of Ohio and Indiana.

Within a radius of about 200 miles Fort Wayne is about equidistant from her sister cities of Indianapolis, Toledo, Detroit, Cleveland, Chicago and Grand Rapids.

It has no slum district. It is a city of homes, the proportion of home owners to its population being greater than in any city of its class in the United States.

It is known as the "Summit City," as it sits upon the crest of the water shed, from whence the waters flow east to the St. Lawrence and west to the Mississippi.

It is on the line of the proposed deep water way known as the Toledo, Fort Wayne and Chicago Trunk Line Barge Canal, which will unite the waters of Lake Michigan and Lake Erie.

It has the best distributed system of parks of any city in the state, eleven in number, with five others now being acquired. When these are secured there will be a park within ten minutes' walk of the home of every citizen in Fort Wayne.

It has a commercial club with a membership of 875, to the members of which the city is indebted for the new

Anthony hotel, costing for grounds, building and furnishings, over \$500,000.00.

It has the finest county court house west of the Alleghenies, designed by a Fort Wayne architect and built without a dollar of "graft" going into it.

It has four national banks with assets of \$18,483,137, 000.53; four trust companies with over \$9,758,285.00 and four private banks.

It owns its own waterworks with an ample supply of pure deep rock well water, the value of the plant being estimated at \$2,000,000.00; the rates are the lowest in the State. There are one hundred and seventeen and three-tenths miles of pipe.

It owns its own electric lighting plant for both city and commercial purposes, valued at \$350,000.00 and is already earning a net annual profit over operating expenses and renewals of \$50,000.

It has fifty-four and four-tenths miles of paved streets, thirty-one and one-half miles being of asphalt.

It has the finest public market house in Indiana.

It has over fifty churches; three large public hospitals; three fine opera houses; nineteen large public school buildings, several with fine playgrounds attached, and many fine parochial schools; the handsomest Scottish Rite cathedral in the world; a beautiful Masonic Temple, and elegant country club, and a \$100,000.00 Young Woman's Christian Association.

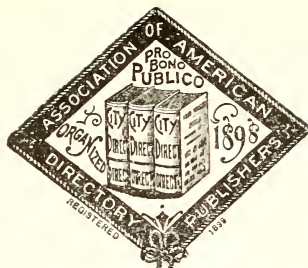

It is one of the best lighted cities in the country, all of its business section being illuminated with five-light ornamental lamp posts, placed seventy-five feet apart on both sides of the street.

It has five daily newspapers, three of these of very wide circulation, covering all of northeastern Indiana and northwestern Ohio.

It has some of the largest manufacturing plants in the United States, among which are the Pennsylvania shops, which corporation pay out monthly in wages in Fort Wayne \$300,000.00; the Fort Wayne Electric Works; the Bass Foundry and Machine Works; the Wayne Knitting Mills, the largest fullfashioned hosiery mill in the country, employing 3,000 people; the Packard Piano Company; the Western Gas Construction Company; the Bowser Oil Tank and Pump Company; the General Electric Lamp Factory, and many others.

Postoffice receipts in 1912 were \$403.00.00; and the employes numbered 101.

The bank clearings for the year 1912 totaled \$58,930,-466.26.

Postage—The postage on letters to be forwarded in the mails to any part of the United States is 2 cents per ounce, prepaid by stamp. The postage for letters dropped in this office for delivery in the city, 2 cents per ounce, prepaid by stamp. Includes island possessions.

Canada and the British Possessions—Two cents per ounce; prepayment compulsory.

Postage to all countries included in Universal Postal Union—For prepaid letters, 5 cents per first ounce, 3 for each additional ounce or fraction thereof; for unpaid letters received, 10 cents per ounce; for postal cards, 2 cents each; for newspapers, if not over two ounces in weight, 1 cent for each; for books, other printed matter, legal and commercial documents, pamphlets, music, visiting cards, photographs, prospectuses, announcements and notices of various kinds, whether printed, engraved or lithographed, 1 cent per each weight of two ounces or fraction of two ounces; samples of merchandise, without value, 1 cent for two ounces or fraction; merchandise of saleable samples, 5 cents per first ounce, 3 for each additional ounce or fraction thereof.

Letter rate of postage to England, Ireland, Scotland, Wales and New Foundland is 2 cents an ounce or fraction of an ounce.

Letter rate of postage to Germany is 2 cents an ounce or fraction of an ounce for letters dispatched on ships going direct to that country. If it is desired to dispatch letters on first ship going via England or France, the regular international rate will apply, viz: 5 cents for the first ounce or fraction of an ounce, and 3 cents for each additional ounce or fraction of an ounce. The new letter rate does not affect the rate of postage on cards of these countries.

Registration—Valuable letters to any part of the United States and Canada and the Universal Postage Union will be registered on application, for which a charge of 10 cents (in addition to postage) will be made.

Civil Service Examining Board—Wm J Hess, sec; Charles A Stockbridge, asst sec; M C Chambers, member; Thos W Blair, member; F E B Gallmeier, member.

PARCEL POST INFORMATION.

(The numbered sections mentioned in this pamphlet refer to the parcel post regulations, a copy of which may be consulted at any postoffice.)

The act of Congress authorizing the establishment of a parcel post system provides that on and after January 1, 1913, fourth class mail matter shall embrace all other matter, including farm and factory products, not now embraced by law in either the first, second, or third class, not exceeding 11 pounds in weight nor greater in size than 72

inches in length and girth combined, nor in form or kind likely to injure the person of any postal employee or damage the mail equipment or other mail matter, and not of a character perishable within a period reasonably required for transportation and delivery.

Table of Rates.

Weight.	First zone.								
	Local rate	Zone rate, 50 miles	Second zone, 50 to 150 miles.	Third zone, 150 to 300 miles.	Fourth zone, 300 to 600 miles.	Fifth zone, 600 to 1,000 miles.	Sixth zone, 1,000 to 1,400 miles	Seventh zone, 1,400 to 1,800 miles	Eighth zone, all over 1,800 miles

The local rate is applicable to parcels intended for delivery at the office of mailing or on a rural route starting therefrom.

Distinctive Stamps.

The law requires that on and after January 1, 1913, the postage on all matter of the fourth class must be prepaid by distinctive parcel post stamps affixed (see sec. 3). Postmasters can not receive for mailing parcels that do not bear such stamps.

Parcel post stamps are not valid for the payment of postage on matter of the first, second, and third classes, and, when used for that purpose, the matter to which they are affixed shall be treated as "Held for postage," as prescribed in section 9.

Preparation for Mailing.

Parcels must be prepared for mailing in such manner that the contents can be easily examined. (See secs. 19 to 37, inclusive.)

A parcel must not be accepted for mailing unless it bears the name and address of the sender, preceded by the word "From."

Postmasters will refuse to receive for mailing parcels not properly indorsed or packed for safe shipment.

Where Mailable.

Parcels must be mailed at a post office, branch post office, named or lettered station, or such numbered stations as may be designated by the postmaster, or delivered to a rural or other carrier duly authorized to receive such matter.

Parcels collected on star routes must be deposited in the next post office at which the carrier arrives and postage charged at the rate from that office.

Insurance on Parcels.

A mailable parcel on which the postage is fully prepaid may be insured against loss in an amount equivalent to its actual value, but not to exceed \$50, on payment of a fee of 10 cents in parcel post stamps, such stamps to be affixed.

Unmailable Matter.

The following matter is declared nonmailable by law (see secs. 211, 212 and 217 of the Criminal Code of the United States, approved Mar. 4, 1909) :

1. Matter manifestly obscene, lewd or lascivious; articles intended for preventing conception or for procuring abortion; articles intended for indecent or immoral purposes; all matters otherwise mailable by law, the outside cover or wrapper of which bears any delineations or language of a libelous, scurrilous, defamatory, or threatening character.

Spirituous, vinous, malted, fermented, or other intoxicating liquors of any kind; poisons of every kind, and articles and compositions containing poison (except as prescribed in sec. 19); poisonous animals, insects and reptiles; explosives of every kind; inflammable materials (which are held to include matches, kerosene oil, gasoline, naphtha, benzine, turpentine, denatured alcohol, etc.); infernal machines, and mechanical, chemical, or other devices or compositions which may ignite or explode; disease germs or scabs (except as prescribed in sec. 36); and other natural or artificial articles, compositions, or materials of whatever kind which may kill or in any wise injure another or damage the mail or other property.

Pistols or revolvers, whether in detached parts or otherwise; live or dead (and not stuffed) animals, birds, or

poultry (except as prescribed in secs. 29 and 34); raw hides or pelts, guano, or any article having a bad odor shall not be admitted to the mails.

A parcel post map and guide for determining postage rates may be obtained by remitting 75 cents by money order to the chief clerk, Post Office Department, Washington, D. C.

Be careful to specify the city or town where the map is to be used.

Further information may be obtained at any post office.

PORTLAND

APARTMENTS

303 Washington Blvd. West
 PHONE 2817

The Portland is of steel and reinforced concrete construction. It is absolutely Fire Proof. The halls and all rooms are light and airy, the building having been especially designed and built for the purpose for which it is used. It has a fine exterior, the walls being of a superior quality of pressed brick, and the architecture is pleasing.

E. L. & S. B. CRAW, Proprs.

Retail Stationers

WE OPERATE the largest retail stationery store in Northern Indiana. We've got everything the others have and a little bit more. What we don't have we can get for you. We sell *cheaper than others, too*, because we buy in larger quantities and naturally at a cheaper figure.

Another reason why we sell BLANK BOOKS cheaper is because we make them ourselves.

LOOSE LEAF LEDGERS in a great variety of styles ready for delivery.

Everything Used in an Office

Fort Wayne Printing Co.

"The Business Man's Department Store"

114-118 Washington Blvd. W., Fort Wayne, Ind.

FORT WAYNE PRINTING CO.

The Quality Print Shop

EQUIPPED with forty presses, all up to the minute for economical quality production of anything that can be printed or lithographed upon paper.

We will take entire charge of your Catalog or Booklet, writing the copy, designing and making the necessary illustrations, and printing, at a reasonable price.

You will have nothing to do except O. K. the work as it progresses.

We are also System Architects, and will devise systems to suit the needs of any business.

PORTLAND APARTMENTS

The Portland is of steel and reinforced concrete construction. It is absolutely Fire Proof. The halls and all rooms are light and airy, the building having been especially designed and built for the purpose for which it is used. It has a fine exterior, the walls being of a superior quality of pressed brick, and the architecture is pleasing.

THEN LET US FIGURE WITH YOU

Roman writers tell us that "all roads lead to Rome" and we tell you that in America all road lead to a business center. The principal thoroughfares in business, however, are:

1. INQUIRIES—the oldest of our inter-communicating systems.
2. FRIENDLY TIPS—an auxiliary
3. DIRECTORIES—a direct route.
4. LISTS—Directories royal auxiliary.
